

Kevin Andrés Guido Urbina

Student at the Universidad de Costa Rica – **Software Developer** – guidourbinakevin@gmail.com – [my portfolio](#)

Experience

❖ Full-Stack Developer

Research and Development (R&D) Team – University of Costa Rica
2024 – present

In the R&D team, I had the opportunity to work with both backend and frontend frameworks. We also use the SCRUM methodology, manage version control with GitHub, and work with Docker containers.
