

# **Kevin Andrés Guido Urbina**

Student at the Universidad de Costa Rica – **Software Developer** – [guidourbinakevin@gmail.com](mailto:guidourbinakevin@gmail.com)

– [my portfolio](#)

## **Experience**

### ❖ **Frontend Developer Intern**

Centauro Solutions

(3 months) September 2025 – November 2025

At Centauro Solutions, I worked in the frontend area. My main task was to improve the platform's responsive design to provide a better UX/UI for clients. I also worked with the SCRUM methodology and used Git Flow for version control, including releases, hotfixes, and code reviews.

### ❖ **Full-Stack Developer**

Research and Development (R&D) Team – University of Costa Rica

2024 – present

In the R&D team, I work with both backend and frontend frameworks. We also use the SCRUM methodology, manage version control with GitHub, and work with Docker containers.

## **Technology Stack**

- ❖ Java ❖ MySQL ❖ Zustand ❖ PHP ❖ Docker ❖ SpringBoot ❖ TypeScript ❖ TailwindCSS ❖ React
- ❖ Sass ❖ Laravel ❖ Astro ❖ Github ❖ API Rest ❖ Web development

## **Skills**

- ❖ Initiative ❖ Adaptability ❖ Teamwork ❖ Problem Solving ❖ Self-taught

## **Education**

### **Introduction to Docker** – Universidad de Costa Rica

February 2024 – March 2024
